About Us

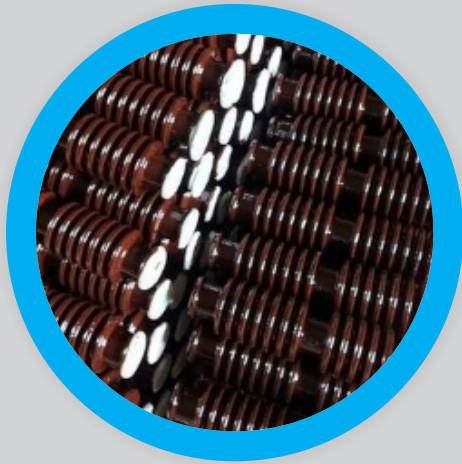

Electrans Power is one such company which is catering to the requirements of multiple industries from aerospace, automobile, marine to electricity distribution. Established in 2008 by Mr. Manoj Jain, we have attained a distinguished position in the Indian market by working as a sincere & honest manufacturer and supplier. With the help of our proficient teammates, we are producing a qualitative assortment of Electrical Insulators such as Electrical Components Insulators, Conical Support Insulators, Commercial Electrical Insulators, Industrial Electrical Insulators, Electrical Porcelain Insulators, etc.

These insulators are mainly used for protecting from electric shocks, sound proofing of appliances, reducing cost of energy, coating of electric poles on the streets, etc. In this way, our offered products have multiple applications in numerous industries across the nation. As a responsible manufacturing firm, we ensure that all the industry prevailing norms & guidelines are strictly followed by our firm during the production processes. We also try our level best to match the expectations of the customers by maintaining highest quality standards in our product line. Staying updated with the latest market developments is one of the goals of our organization.

Reasons to Prefer Electrans Power

- ✿ First & foremost, we hold great market understanding and industry experience of more than 10 years.
- ✿ We are working with a team of experienced, skilled and hardworking professionals who are experts in their respective fields.
- ✿ We are backed with a modern & well-equipped infrastructure facility enabling us to run the business in a smooth manner.
- ✿ We are capable of fulfilling urgent, bulk and customized orders of the clients owing to our advanced production facilities.
